### Dean of the Syed Ahsan Ali and Syed Maratib Ali School of Education at the Lahore University of Management Sciences (LUMS), Lahore, Pakistan

LUMS invites nominations and applications for the position of Dean of the Syed Ahsan Ali and Syed Maratib School of Education (SOE). Founded in 1986, Pakistan's premier private university, LUMS is renowned for the quality and impact of its graduates. Its hundred-acre campus in Lahore, Pakistan's cultural capital, provides world-class educational and residential facilities.

Launched in January 2017, SOE aims to be a nexus of research, policy and practice to produce education leaders who can shape a reimagined and vibrant education reform agenda for Pakistan. Graduates from SOE are positioned to make an impact on the country's rapidly changing educational landscape.

SOE offers two graduate programmes: the flagship two-year MPhil in Education, Leadership and Management (ELM) and a weekend-based Executive MPhil ELM designed for education professionals. It offers three undergraduate minors: Education, Education with Policy, Politics and Governance, and Education with Curriculum and Instruction. These interdisciplinary minors are intended for all undergraduate students at LUMS. The School provides solutions to educators in various stages of their careers. These are offered at the individual level through courses, trainings, workshops, and certifications, as well as at the organisational level through custom programmes.

LUMS is seeking to appoint a new Dean to steer the School towards a growth agenda aligned with the University's overarching vision. The Dean will craft and advance a strategic direction for SOE that continues to foster an environment of sustainable and impactful research for faculty retention and growth, motivate and engage staff, and inspire students through a rich educational experience. Candidates are expected to demonstrate a passion for education, research, teaching, and learning evidenced through a record of academic leadership, research achievement, and the development and delivery of programmes.
