Admissions
The LUMS SOE will pursue a holistic admissions policy, where the key focus is to seek individuals with the ability to thrive and add value to our competitive programme.

Who Should Apply
- Highly driven students with a demonstrably rigorous educational record
- Individuals with intellectual curiosity, attention to detail, and academic excellence balanced with co-curricular diversity
- Individuals with a passion for education and a desire to make a strategic difference at the national and international level

Financial Support
LUMS SOE offers a range of avenues that students can explore to fund their degree. These include need based and merit scholarships. We will endeavour to ensure that all successful applicants are able to participate in the programme irrespective of their financial constraints.

Leaders of Change
If you are motivated, innovative and have leadership skills, LUMS SOE is the place for you.
School of Education (SOE) at a Glance

Established in 2017, School of Education is the fifth school at Lahore University of Management Sciences (LUMS). It is a premier education school in Pakistan with a vision to institute world-class education and research that will transform the education landscape of the country.

"The School of Education at LUMS sets new standards for Pakistan’s education landscape. Our mission is about impacting educational service delivery at all levels through our biggest asset – you, our student. We educate you to work with our partners in government, private, non-profit, and development sectors. You educate your communities by becoming trained leaders of change."

Dr. Tahir Andrabi
Dean, School of Education

The SOE Advantage

LUMS SOE continues the legacy of academic excellence and world-class facilities.

Goes Beyond Training Teachers
Aims to produce a new class of educators, innovators, strategic leaders, policy researchers, reflective practitioners ready to provide strategic direction and steer a burgeoning education ecosystem.

Extensive Field Engagement
Embeds within its model, extensive field engagement as a part of the curriculum for undergraduate, graduate and professional education programmes, placing students within practitioner organisations for field-based learning of education decision-making in the country.

Flagship Curriculum
The programme combines rigorous academic coursework with in-depth practical training to produce education leaders who are strongly rooted in research policy and practice thinking.

Faculty Expertise
LUMS SOE faculty are distinguished individuals hailing from top international universities such as Harvard, Stanford, Oxford and Cambridge.

Strong Partnerships
A substantial Partnership and Engagement Programme (PEP) which will create job opportunities for graduates through student internships, residencies and graduate placements in the education sector.

Collaborative Environment
The School offers an intimate learning environment emphasising group discussions and teamwork.

Programmes Offered

- MPhil Education Leadership and Management (Starting Fall 2018)
- Minor in Education for LUMS undergraduate students (Starting Fall 2018)
- Professional Education Programmes to provide trainings to the public, private, non-profit, and donor sectors of education in Pakistan
